

PREVENTION SAVES LIVES!

HELLO!

I am a VIRUS,
cousins with the Flu
and the Common Cold

My name is Coronavirus

I love to travel...

...and to jump
from hand to
hand to say
"Hi!"

COLOR
ME

Have you heard about me?

Yes No

And how do you feel
when you hear my name?

Relaxed

Confused

Worried

Curious

Nervous

Sad

*I can understand
how you feel...*

...I would feel the same way

Sometimes adults get
worried when they read
the news or see me on TV

But I am going to
explain myself...

So you can understand...

When I come to visit, I bring...

cough

difficulty
breathing

fever

But I don't stay with
people for long, and almost
everyone gets better

Just like when you
get a scrape on your
knee and it heals

BYE BYE...

Don't you worry!

The adults who take care of you:

will keep you safe

And you can help...

1

By washing your hands
with soap and water
while singing a song

You can sing your favorite song,
the happy birthday song,
or the alphabet song

2

By using alcohol-based
hand sanitizer and letting
it dry on your hands

Without moving them count to 10

1, 2, 3, 4, 5, 6, 7, 8, 9, 10

Once your hands are dry
you can get back to playing!!

If you do all that
I will not come to visit

while the doctors work to find
a vaccine that will allow me
to say hi without getting you sick.

THE END
