As soon as you decide on a possible major, request to be assigned to an advisor in that field of study.

1) Students are advised to check the requirements for the major before taking General Education courses:

2) No one course may satisfy more than one General Education requirement;

3) Some of the courses fisted have prerequisites; and

4) The faculty of each division shall determine whether any course taken to satisfy GE requirements may also count toward fulfillment of major and/or minor requirements. Although one course may satisfy both GE requirements and majoriminor requirements, the number of credits granted is only the number for the one course.
