

Center for Island Sustainability Website Proposal

Design, Development & Content Migration

The University of Guam (UOG) Web Team will design and develop a website for the Center for Island Sustainability (CIS) and migrate content from the existing CIS webpage (<https://www.uog.edu/center-for-island-sustainability/>).

- Our team of web developers will work with CIS to select a suitable WordPress template and customize it to meet your needs.
- Plugins will be selected and installed to meet CIS's needs for:
 - Site editing (Plugin: Elementor)
 - Embedding HD videos
 - Events calendars
 - Contact forms
 - Site-wide "tap-to-call" button for mobile visitors
 - Social media integration
 - Google Analytics (Plugin: MonsterInsights Plus)

Hosting

In a joint effort between the Office of Information Technology and Integrated Marketing Communications, the University of Guam is pleased to offer a complete local and cloud website hosting package! Our servers are hosted in the Office of Information Technology's Data Center, with redundant servers in Docomo, California, and Amazon Web Services. We stay online, even when the power goes down! With load-balancing between two machines, and redundant hardware fail-overs, you're guaranteed a 99% up-time!

Support & Content Management

Our team of web developers, information security specialists, and network engineers continuously monitors, updates, and maintains the UOG web server infrastructure. In addition, our web developers will provide up to six (6) hours of website edits, design, and technical assistance every month. Website Support is available in-house at the University of Guam Office of Information Technology from 7am-5pm Monday through Friday and 24/7 for emergencies (e.g., maintenance, website offline, etc...).

Pricing

Design and Development fees will be billed in two installments: 50% will be due upon acceptance of the proposal and the remaining balance** will be due upon project completion. Payments will be handled by Bernadette Capindo at the Marketing and Communications office.
