

How to Install the ArcGIS Pro v3.2+ Client from ArcGIS Online

1. Log into your ArcGIS Online account at: <https://ugum.maps.arcgis.com>
If you don't have an account, please contact the Office of IT Helpdesk.

Login screen:

The screenshot shows the ArcGIS login interface for the University of Guam. At the top, it says "Sign in to University of Guam" with the Esri logo. Below this is a white box titled "ArcGIS login" containing a "Username" field, a "Password" field, and a "Keep me signed in" checkbox. A blue "Sign In" button is positioned below the fields. Underneath the button are links for "Forgot username?" and "Forgot password?". At the bottom of the white box, there is a section for "Not a member of this organization?" with a link to "Sign in to your account on ArcGIS Online". A "Privacy" link is located at the bottom right of the entire login area.

2. On the Home page, click on your **Name**:

3. Click on **My settings**:

4. On the left-hand menu, select **Licenses**:

5. Scroll down to the apps and click on **Download ArcGIS Pro**:

6. Lastly, run the downloaded installer file and follow the instructions. Once installed, you will be asked to sign in using your ArcGIS Online account to activate the license.
