

# TRITON GREEN ZONE

College of Liberal Arts and Social Sciences, EC and HSS buildings

## WHAT IS A TRITON GREEN ZONE?

In our context a **Green Zone** refers to an area where a student may obtain a WIFI connection on campus. *(The term “Green Zones” on University campuses usually refers to an office that supports military veterans, so it needs to be made clear to avoid any confusion from veterans that the Triton Green Zone refers to a place on campus with a WIFI connection.)*

## CLASS DESIGNATED GREEN ZONE:

Students may schedule use of a computer lab for up to 2 hours. If no one is waiting to use the lab, then they may extend their 2-hour usage. The EC (rm 202) and HSS (rm 111) computer labs and the Writing Center (EC 206) will be opened from 9 am to 3 pm with reservations. To use the EC lab Call Ms. Nichole Manley at 735-2725, DEAL Office or visit the webpage at

<https://sites.google.com/view/dealwritingcenter>

Or email at [writingcenter@triton.uog.edu](mailto:writingcenter@triton.uog.edu) to reserve a seat in the HSS lab call 735-2850/1 or 735-2800.

## NOTICE:

Students, faculty, and staff must understand that the designation of a “green zone” does not mean that the room is completely safe from COVID-19. The designation of a green zone means that the room has undergone the necessary sanitization procedures to eliminate any virus contaminants and lessen the risk of transmission. This also means that the room will continue to receive routine sanitization procedures to maintain a virus free and green zone status. Precautions will still need to be taken by each individual needing access in order to minimize the risk of any possible contamination and eventual spread of the virus from within the designated green zone.

Furthermore, the designation of a green zone does not automatically grant individuals the right to freely occupy these zones and instead, individuals must adhere to the following:

- Students who require access to the green zone must make prior reservations for the days and times they will need to use the room. (*see RESERVATIONS*)
- Students will need to provide proof that they are currently enrolled at the University of Guam.

## RESERVATIONS:

Students who require access to a designated green zone will need to make a reservation as noted above.

## HEALTH SAFETY and SOCIAL DISTANCING PROTOCOLS:

All students accessing the Green Zone must adhere to the following:

- The proper use of masks will be required at all times.
- Students will need to wipe down their seat and table BEFORE and AFTER use.
- Disinfecting wipes and hand sanitizers will be provided immediately upon entering the room.
- Signs will be posted reminding students to use hand sanitizer.

- Signs will be posted to instruct students to wipe their chair and table upon entering and before leaving.
- A time slot will be allowed between set time reservations for a more thorough sanitization of the room.
- Tables and chairs will be properly spaced to allow each individual a seating distance of at least 6-feet from each other.

#### IDENTIFICATION/SIGNAGE:

##### Identification:

- The designated Green Zone should be clearly marked and identified by a Green Zone Symbol or Sign outside each door.

##### Signage:

- Reservations ONLY sign posted
- Information and guidance signage reminding all individuals to practice good hygiene and adhere to COVID19 health guidelines should be posted on or beside each door as well as within the room designated as a green zone.
- All signs should adhere to ADA guidelines where possible.
